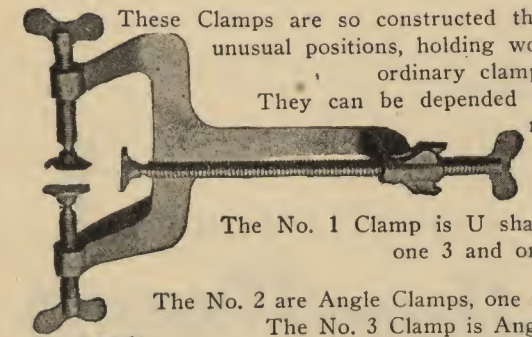
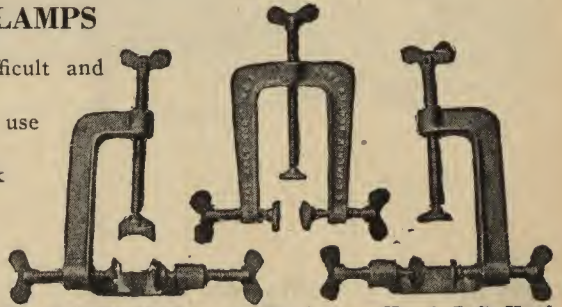
FRENCHS'— CABINET —CLAMPS



No. 3 Angle

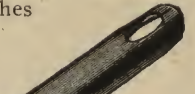
These Clamps are so constructed that they will operate in difficult and unusual positions, holding work securely where an ordinary clamp would be of little or no use They can be depended upon to hold glued joints, not only on three, four, six or eight sides but also on circle work

The No. 1 Clamp is U shaped, having two openings, one 3 and one 5 inches



No. 2 Right Hand No. 1 No. 2 Left Hand

The No. 2 are Angle Clamps, one right hand and one left hand, each with two openings, one 4 and one 6 inches

The No. 3 Clamp is Angle shaped, having two openings, one 6 and one 10 inches


18.00 Per set of four (4) Clamps, Nos. 1, 2 and 3
